

Great Impressions® 2.0 Walk-Off Mats

For effective floorcare with style.

Our versatile and innovative walk-off mats are manufactured using UniFirst's next-generation mat construction. These heavy-duty, nylon-tufted, solution-dyed mats offer superior soil trapping capabilities, while the stay-put "hugger" backing helps improve overall safety. Absorbent surfaces trap and hold up to a gallon of water per square yard, while contemporary color design options enhance any décor. Maintain a cleaner and more attractive work environment, keep floors from becoming slippery, protect expensive flooring, and reduce your overall maintenance costs with UniFirst floor mat services.

- Tufted nylon yarns collect and hold dirt and moisture better than alternatives
- Thicker pile offers a more luxurious appearance and feel
- Lay-flat borders and stay-put rubber "hugger" backing help improve safety
- Popular colors provide distinctive styling
- Sizes fit most common placements
- Certified as "high traction" by the National Floor Safety Institute (NFSI)
- Meets Federal Flammability Standard DOC FF 1-70
- Complies with Americans with Disabilities Act (ADA) requirements
- Regular pickup and professional laundering ensures mats always look their best and remain fully functional

Great Impressions® 2.0 Walk-Off Mats

Mat Features

Nitrile rubber formulation stands up to the toughest environments and helps improve safety.

Exclusive contemporary color line enhances virtually any decor.

Vibrant colors stand up to hard use and industrial laundering better with tufted-in, solution-dyed carpet top color patterns.

Unique "hugger" back design for stability and placement security.

Great Impressions 2.0 vs. the Competition

Mat Component	Purpose	UniFirst Great Impressions® 2.0	Competitor Averages
Rubber Thickness	Denser rubber helps mats stay in place, reduces flex, and improves durability.	65 mil.	55–60 mil.
Border Thickness	Thicker borders reduce potential for tears and curling, and improve overall strength.	103 mil.	90–100 mil.
Mat Weight (3' x 5')	Heavier weight helps hold mats in place and reduces potential for "flip-ups."	8.0 lbs.	6.3–7.0 lbs
Backing	Unique "hugger" backing is proven to minimize mat movement and performs better on multiple floor surfaces than alternative backing materials.	UniFirst "hugger" back	Non-"hugger" backs

National Floor Safety Institute
All UniFirst-manufactured floor mats are certified as "high traction" by the National Floor Safety Institute (NFSI).
