MIMIX™: TRUE INNOVATION FOR TODAY'S WORKWEAR

MIMIX is taking the workplace by storm. UniFirst has partnered with Red Kap to offer these scientifically designed garments that are changing the way people think about workwear. Strategically placed flex panels maximize mobility and breathability. Bend, stretch, squat, and reach without feeling confined, because MIMIX is built for the way you move.

MIMIX™ Ripstop Work Shirts

A-C. Dramatically improve mobility and comfort with this innovative work shirt featuring specially placed mesh stretch panels on the back for extra durability and breathability. Lightweight ripstop fabric with Touchtex™ moisture-wicking technology provides superior color retention, soil release, and added breathability. Two button-through hex-style chest pockets (pencil stall on left), color-matched melamine break-resistant buttons, and a two-piece lined collar with sewn-in stays. Women's shirt has a gently contoured silhouette. 4.25 oz. 65/35 poly/cotton ripstop. MIMIX panels: 3.8 oz. performance mesh, 100% polyester. Machine wash. Imported.

Colors: Navy (05), Lt. Blue (09), Black (12), Charcoal (31), Lt. Grey (48)

SNAG-PROOF PERFORMANCE POLOS THAT GET THE JOB DONE

For a durable, good-looking polo that doesn't skimp on performance, trust these CornerStone® snag-proof polos. Wrinkle resistant, with odor-fighting and moisture-wicking fabric to get the job done.

Lightweight Snag-Proof Polos

A-B. Heavy-duty performance at a lighter weight than the two-color pocket polo, but easily coordinated for a unified team look. Three dyed-to-match buttons on placket, tag-free label, and flat-knit collar. 4.4 oz. 100% polyester. Machine wash. Imported.

Colors: Navy (05), Tan (06), White (07), Red (10), Maroon (11), Black (12), Royal Blue (25), Charcoal (31), Lt. Grey (48), Dark Green (94)

UNIFIRST'S ARMOREX FR® UNIFORM

PROTECT WORKERS, COMPLY WITH SAFETY REGULATIONS, AND LIMIT LEGAL LIABILITIES.

Armorex FR Flame Resistant (FR) work garments are made by UniFirst in ISO 9001-certified facilities to ensure the highest quality. Made from the most innovative and proven arc-rated FR fabrics on the market, they meet international ASTM protective standards, have all the durability and comfort of “traditional” work apparel, and are UL® Classified to meet NFPA 2112. Armorex FR garments can also help you comply with NFPA 70E, CSA Z462, and OSHA. That’s why Armorex FR is the smart choice for any business implementing a new arc-rated Flame Resistant Clothing (FRC) program or looking to expand an existing one.

ARMOREX FR® FABRIC OPTIONS

UltraSoft® from Westex by Milliken, is an arc-rated 88/12 cotton/nylon blend. This comfortable fabric option is a classic choice for NFPA 70E, NFPA 2112, and OSHA compliance.

CXP® ("Next Generation" Nomex®), from Westex by Milliken, is an inherently Flame Resistant (FR) arc-rated fabric made of DuPont Nomex® III A. Noted for its protective qualities and increased comfort, feel, and breathability, this fabric complies with NFPA 70E, NFPA 2112, and OSHA standards.

Tecasafe® Plus, from TenCate, is one of the most innovative arc-rated FR fabric options on the market. This soft, inherently Flame Resistant fabric is a tri-blend of FR fibers that offers superior flame protection, moisture wicking, and durability. Complies with NFPA 70E, NFPA 2112, and OSHA standards.

Nomex® IIIA is DuPont's classic aramid arc-rated fabric featuring inherent FR properties, along with static dissipative filaments to reduce static build-up. Complies with NFPA 70E, NFPA 2112, and OSHA standards.

FR Denim is arc-rated 100% Flame Resistant cotton denim that complies with NFPA 70E, NFPA 2112, and OSHA standards.

ATPV RATINGS (ARC Ratings) and PPE CATEGORIES

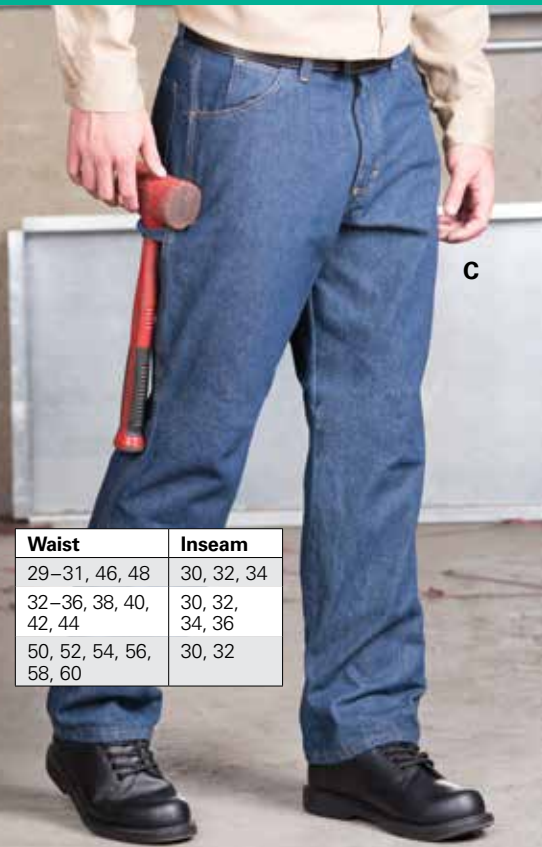

When evaluating FR fabrics, hazard risk assessments and arc thermal performance value (ATPV or arc rating) should be taken into account. ATPV ratings appear on the labels of all UniFirst FR apparel.

Arc Thermal Performance Value (ATPV), also known as arc rating, represents the thermal exposure from an electric arc that will create a second-degree burn. All Armorex FR clothing is labeled with ATPV values; the higher the number, the better the protection.

NFPA 70E Personal Protective Equipment (PPE) Categories are based on specific job tasks and range from PPE Category 1, which allows single-layer FR arc-rated shirts, pants or coveralls, up to Category 4, which requires a FR arc-rated shirt and pants, plus a double layer switching coat and pants. PPE Categories are used to determine the necessary arc rating of a garment worn for a given task.

FR GARMENT PERSONALIZATION

To comply with flame resistance safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for personalization. Any other personalization options on FR garments, including those that utilize FR emblems and/or FR thread, are at the discretion and the responsibility of the employer and/or end user.

CHOOSE YOUR LEVEL OF PROTECTION

Visibility garment selection should be based on expected use settings and work activities being performed. These are designated as off-road (type O), roadway and temporary traffic control (type R), or public safety activities (type P).

ANSI Type O, Class 1

Performance Class 1 offers the minimum amount of High Visibility materials to differentiate the wearer from non-complex work environments and is only appropriate for off-road environments.

ANSI Type R or P, Class 2

Performance Class 2 is considered the minimum level of protection for workers exposed to roadway rights-of-way and temporary traffic control (TTC) zones. Garments will have additional amounts of High Visibility materials that allow for better definition of the human form.

ANSI Type R or P, Class 3

Performance Class 3 provides more visibility to the wearer in both complex backgrounds and through a full range of movement by the required placement of background, retroreflective, and combined performance materials on the sleeves and pant legs (if present). Garments have an even greater minimum level of High Visibility material the apparel must contain. A garment or vest without sleeves worn alone is NOT considered Class 3 protection.

ANSI Class E

High Visibility garments that do not qualify as meeting the requirements of the standard when worn alone, but when a Class E item is worn with a Class 2 or Class 3 garment, the overall classification of the ensemble is Class 3.

Enhanced Visibility

For workers who are working in lower-risk environments, but who can still benefit from the extra security of heightened visibility, particularly in low-light conditions. Enhanced Visibility garments are not ANSI rated.

Garment Personalization

To comply with safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for ANSI-rated High Visibility garment personalization. Any other personalization options are at the discretion and the responsibility of the employer and/or end user.

High Visibility Color Block T-Shirts

ANSI TYPE R, CLASS 2 or 3

C-D. These High Visibility tees help keep you safe in low- and no-light work environments. Moisture-wicking fabrication helps keep you cool and comfortable, while chest pocket provides storage for your phone or tools. 360° visibility thanks to 2" segmented reflective taping at sleeves, torso, and chest/back. Color blocked with black bottom to hide dirt. 4 oz. 100% polyester birdseye mesh. Machine wash. Imported.

PERSONALIZATION AND ORDERING INFORMATION

Delivery Choices

(See Order Form page 78)

Regular Delivery: Your order will be shipped within the contiguous 48 states. Please refer to the chart on the order form to calculate the shipping charges.

Express Delivery: Available to most U.S. addresses. Add \$20.00 to regular shipping and handling charges from the chart on the order form. Alaska and Hawaii are express delivery only. Add \$25.00 to regular shipping and handling charges. You will receive your order one business day after we ship it.

Personalization Info

Call **888.786.4347** to speak with one of our customer service representatives for assistance with your personalization needs. We can use your business card, stationery, or electronic art files to create your design. Once you have approved your design, there is a first time setup fee of \$79.99. Then you'll only be charged the application fees. Authorization and licensing fees for the use of copyrighted or trademarked designs are the responsibility of the orderer.

Exchanges and Returns

If you're not satisfied with a product, return it to us within 120 days of purchase and we'll refund your money or replace your purchase with something you like better. Please refer to your packing list or call our Customer Service department for assistance at **1.888.786.4347**.

Logo embroidery

Promote your business

Personalize your garments with high resolution direct embroidery. Add company name or logo for your branded look, and select up to 10 thread colors from our diverse 54-color palette. See chart at bottom.

Lettering Styles

Choose from script or block style lettering to complement your uniform of choice. See below.

Logo Placement

The basic areas where your logo can be placed on our garments.

- CB** Center Back
- CF** Center Front
- SL** Shoulder Left
- SR** Shoulder Right
- L** Left Chest
- R** Right Chest
- LC** Left Cuff
- RC** Right Cuff

Codes used above are to clarify positions, not for ordering.
