

Maintain a cleaner, safer,
and healthier workplace.

FACILITY SERVICES THAT ALWAYS DELIVER

UniFirst

The UniFirst 4-step facility service system makes it easy for you to maintain a clean and healthy workplace.

Did you know?

80%

of dirt and grime that enters a building is tracked in on shoes of employees and visitors.*

Did you know?

67%

of customers state that a poorly maintained restroom is reason enough not to patronize a business again.**

A spotless, clean workplace leaves a lasting impression on your customers and employees. UniFirst's 4-step facility service system eliminates the hassles related to purchasing, stocking, and maintaining supplies and inventories, helping to create a healthier, more attractive work environment. With our scheduled services, we can also help reduce your overall maintenance costs by delivering exactly what you need, when you need it.

Our system is as easy as 1, 2, 3, 4.

① PREVENT

- **Scraper and walk-off mats** strategically placed at entryways help prevent dirt and moisture from entering your facility.
- **Weekly services** include replacing soiled mats with hygienically cleaned mats.
- **Additional mat options** include anti-fatigue and message/logo/photo mats.

*According to experts in the professional cleaning industry and in studies by ISSA, the Worldwide Cleaning Industry Association, as much as 80 percent of all the soil, dust, contaminants, and moisture entering a facility are tracked in on the shoes of building staff and visitors.

**According to a national survey conducted by Harris Interactive and sponsored by SCA Tissue North America, 67% of patrons would not return to an establishment if they found it to be unsanitary.

② MAINTAIN

- **Mops, towels, and wipers** help you maintain clean floors, counters, and hard surfaces.
- **Microfiber mops and wipers** are designed to clean more effectively with innovative microfiber fabric that attracts and holds particulates like a magnet, removing germs and viruses.

③ EQUIP

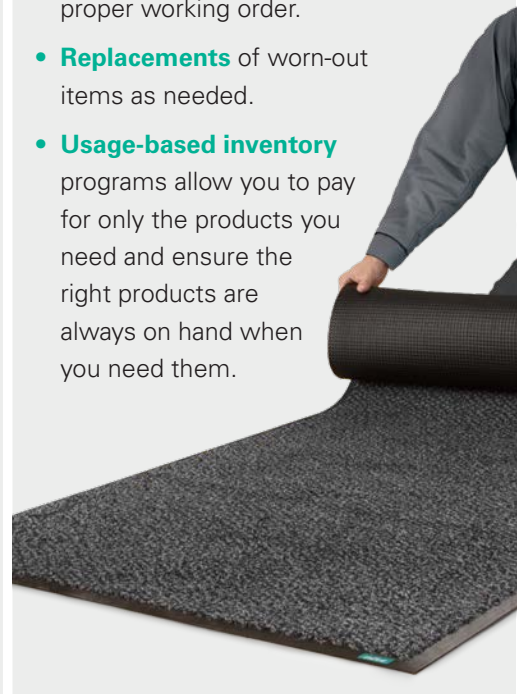

- **Industry-leading restroom and cleaning products**, including soaps, sanitizers, paper towels, toilet paper, air fresheners, trash can liners and cleaning solution dispensing services, equip you with everything needed to maintain a safe and attractive workplace.
- **Full-program management** includes regularly scheduled pick up, delivery, and inventory management so you can focus on your business.

④ SERVICE

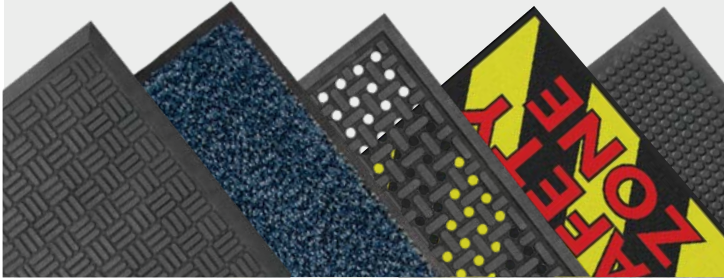

- **UniFirst Service includes inspecting and maintaining** all your facility products and equipment on a regular schedule, routine pickup and delivery, hygienic laundering of all textiles, restocking inventories, inspecting dispensers, and ensuring all equipment is in proper working order.
- **Replacements** of worn-out items as needed.
- **Usage-based inventory** programs allow you to pay for only the products you need and ensure the right products are always on hand when you need them.
